

Workshop

Practice Area: Construction  
Training Level: General  
CPD Points: 6 Public CPD Points

**SINGAPORE**  
**ENGINEERING 101 FOR NON-ENGINEERS (6<sup>th</sup> run!)**

Intelloffices, 146 Robinson Road, Singapore 068909

**Tuesday, 14 April 2015, 5.30-9.30pm**

**Tuesday, 21 April 2015, 5.30-9.30pm**

**Thursday, 16 April 2015, 5.30-9.30pm**

**Thursday, 23 April 2015, 4.00-9.30pm**

**About this Course**

This Course is the 6<sup>th</sup> run of a successful 2.5 day workshop organized in response to the excellent feedback and request for more in-depth sessions pursuant to the *Engineering 101 and Common Construction Disputes vs. Construction Challenges* papers presented at the Joint SCL-Law Society Annual Conference in 2008. It is aimed at Lawyers, Quantity Surveyors and any non-Engineers working in a construction-related profession, who want to learn more comprehensively the basics of engineering principles, construction projects, construction techniques and related challenges.

Held for the past five years as an evening course, it comprises five modules tailor-made for non-Engineers, covering Construction Features, Construction Facts and Figures, Engineering principles, Construction Project teams and their role, Construction Execution and common Construction Disputes vs. Construction Challenges. The Course will enable participants to achieve some insights into the Singapore Construction Sector, including contemporary challenges and comparison to some overseas examples.

A sample of the glowing feedback received from participants of the previous runs of this Course:

- "Way above my expectations! Makes me very keen to attend the sessions. Audrey is able to explain in clear layman terms complicated technical issues. Her dedication is admirable. Highly recommended course."
- "Succinct and comprehensive. A good overview of the critical issues in the construction industry."
- "Very interesting. Audrey was a very engaging speaker and struck a great balance between theory and practical insights. A very worthwhile experience (and clearly the product of a lot of hard work)."
- "Extremely useful, very well prepared and presented."
- "Informative, interesting and definitely useful. Highly recommended to anyone who needs an overview of the different considerations and introduction to features of construction works."
- "Very interesting. It was set out at the right order and built up at the right speed."

As a benchmark of knowledge acquired after this Course, a Certificate of Attendance from the SCL will be issued to all attendees who fully attend and successfully complete the Course.

***This is the last year that Ms Audrey Perez, pioneer and developer of the Engineering 101 program will be teaching this course, as she will be leaving Singapore later in the year. Do not miss this opportunity to learn from Audrey!***

**Course Programme\*:**

Tuesday, 14 April (5:30 – 9:30pm)	Module 1 – Introduction to Construction, Building Features, History, Facts and Figures
Thursday, 16 April (5:30 – 9:30pm)	Module 2 – Engineering Principles – “How does it hold” and “how do they dimension it”?
Tuesday, 21 April (5:30 – 9:30pm)	Module 3 – Construction Sites Definition, Execution Principles and Field Challenges
Thursday, 23 April (4.00 – 9:30pm)	Module 4 & 5 Project Management – Who does what in a project team? Common construction disputes vs. actual Construction challenges

\*There will be a 30min dinner break for each session. Course starts sharply at time shown, attendees to arrive at course location slightly earlier

**Workshop Leader:-**

**Ms. Audrey Perez - Head of Department QSE & Maintenance, Dragages Singapore Pte Ltd**

Audrey Perez is a Civil Professional Engineer graduated from Ecole Special des Travaux Publics (ESTP) in Paris. She joined Bouygues, Dragages Singapore's Mother Company in 1994. She was transferred to Singapore in 1995 where she worked on Construction Projects, from site engineer until project manager. She covered Procurement, Design, Tendering, Construction and hand-over of milestone projects for Dragages such as the Ritz-Carlton Hotel, The Fullerton Hotel, The Ladyhill-Limited Edition residences and several other projects. In 2002, she was called to join the management team to head two departments, Quality-Safety-Environmental and Completed Projects. In addition, she takes over cases from projects when technical and legal issues are interlinked to prevent disputes and reach a settlement. Lead auditor for Dragages, she audits as well for Bouygues Construction where her mission is to audit other subsidiaries and/or large overseas projects. Throughout her corporate work, she endeavors to participate intensively in several programs set up by the BCA and MOM, writes articles about construction technical and other aspect for them and speaks regularly in few of their training programs, courses and seminars. She speaks as well for HDB, PSB, WSHC, CIOB and SGBC. She writes for several publications of the legal and construction sector too. In 2007, she successfully completed the NUS-Faculty of Law Graduate Certificate for International Arbitration. Audrey is a Fellow and was for several years a Council Member of the SI Arb. She participates actively in various committees to help bridge the gap between Construction Law and in-situ Construction challenges. Audrey is today a Director in Dragages Singapore and an Arbitrator.
